Compliance Plan Action #1

Administrative Rule:

67:42:17:31

An infant shall be fed according to the infant's schedule. The provider shall hold the infant's bottle when feeding the infant. The provider may not feed an infant by propping up the infant's bottle. Food, including breast milk and formula, must be properly stored, kept at the proper temperature, and protected from potential contamination according to the preparing, feeding, and storing standards contained in Caring for Our Children: National Health and Safety Performance Standards, 4th Edition.

Summary of Non-Compliance Finding:

At time of inspection, food wasn't properly stored in refrigerator to protect from cross contamination.

At time of inspection, a fly trap was present in kitchen where food is prepared.

Corrections to be Made:

Food, including breast milk and formula, must be properly stored, kept at the proper temperature, and protected from potential contamination.

During storage, preparation, display, serving, or transportation, food should be protected at all times from potential contamination, including dust, insects, rodents, unclean equipment and utensils, unnecessary handling, coughs and sneezes, flooding, drainage, and overhead leakage or dripping from condensation.

Corrections Made:

Program immediately moved food in refrigerator to prevent cross contamination at time of inspection on 03/05/2025.

Program immediately removed fly trap from kitchen area at time of inspection on 03/05/2025 and agreed it was not a proper place to put an insect trap.
