**The items listed below are those that the provider was not in compliance with at the time of the inspection.**

### Compliance Plan Action #1

**Administrative Rule:**

67:42:17:26

A nap mat, blanket, or other sleep surface, other than the floor, for children over one year of age must be available for each child during nap time. A sleep surface must be maintained in good repair. A provider shall follow the safe sleep practices contained in Caring for Our Children: National Health and Safety Performance Standards, 4th Edition, for infants under the age of one.

**Summary of Non-Compliance Finding:**

At time of inspection, children under age 1 were found sleeping in a swing with a blanket.

**Corrections to be Made:**

Children under age 1 who fall asleep in a car seat, swing, stroller, bouncer seat, or infant carrier, must be moved to a safe sleep environment such as a crib or other firm sleep surface.

Soft objects and loose bedding that increase the risk of entrapment or suffocation must be kept out of the infant's sleep area. This includes blankets, pillows, bumper pads, stuffed toys, and sleep positioning devices.

**Corrections Made:**

Children under age 1 who were found sleeping in a swing at time of inspection were removed immediately and were placed in a safe sleep environment. Blankets were also removed immediately from children's sleep environment for children under age 1.

Staff are expected to complete Safe Sleep Training.

Certificates received as verification that staff completed a Safe Sleep training on 03/28/2025.

### Compliance Plan Action #2

**Administrative Rule:**

67:42:17:17

All providers shall, within ninety days after the date of employment, complete and obtain documentation of orientation training in the following areas:

- (1) Prevention and control of infectious diseases;
- (2) Prevention of sudden infant death syndrome and the use of safe sleep practices, if infant care is provided;
- (3) Administration of medication;
- (4) Prevention of and response to an emergency due to food allergies and other allergic reactions;
- (5) Building and physical premises safety;
- (6) Prevention of shaken baby syndrome and abusive head trauma, if infant care is provided;
- (7) Emergency preparedness and response planning for an emergency resulting from a natural disaster or man-caused event;
- (8) Handling and storage of hazardous materials and the appropriate disposal of biological contaminants;
- (9) Precautions in transporting a child, if the program provides transportation;
- (10) Recognition and reporting of child abuse and neglect;
- (11) Pediatric first aid;
- (12) Pediatric cardiopulmonary resuscitation; and
- (13) Child development.

Before a provider may care for children without supervision, the provider must complete orientation training in each of the areas listed in this section.

**Summary of Non-Compliance Finding:**

At time of inspection, three providers had not completed orientation to child care training within 90 days of employment.

**Corrections to be Made:**

All providers shall complete orientation training within ninety days of their date of employment, or before being left unsupervised with children.

**Corrections Made:**

Verification received on 3/17/2025 that all providers have completed Orientation to Child Care Training.

**Anticipated Completion Date:**

March 31, 2025

**Date Completed:**

**Compliance Plan Action #3**

**Administrative Rule:**

67:42:17:44

All toxic or hazardous substances must be:

- (1) Inaccessible to children;
- (2) Used according to manufacturer's instructions;
- (3) Stored in the original or other labeled container; and
- (4) Disposed of according to manufacturer recommendations.

Bio-contaminants must be handled and disposed of properly. Soiled diapers must be changed promptly, in a designated area, on a non-porous surface. The diaper changing area must be clean and disinfected with a sanitizing solution approved by the department. Soiled diapers must be kept in a leakproof, nonabsorbent container that is covered with a tight-fitting lid.

**Summary of Non-Compliance Finding:**

During the inspection, it was observed that the diaper changing area was not properly sanitized after use.

**Corrections to be Made:**

The diaper changing area must be cleaned and disinfected after each use with a sanitizing solution approved by the department.

Staff will complete training pertaining to this topic area.

**Corrections Made:**

Training certificates were submitted to OLA on 3/28/2025 as verification that staff completed training titled "Sneezes, Wheezes, & Goopy Diseases."
