Compliance Plan Action #1

Administrative Rule:

67:42:17:20

A center provider supervising children must be in the same room with the children or on the playground with the children, and must be able to see or hear the children, at all times. If children are in a school-age program, the provider must be able to hear or see the children, at all times, and must be close enough to intervene at all times.

Summary of Non-Compliance Finding:

During a complaint investigation by the Office of Licensing & Accreditation on April 10, 2025, it was found that children in care were not provided with adequate supervision.

Corrections to be Made:

Providers must remain in the same room as the children and be able to see or hear them at all times. A written plan must be submitted to the Office of Licensing & Accreditation detailing how supervision will be maintained when children use the bathroom or retrieve items from their cubbies. The plan must also address how infants will be supervised during nap time if they are sleeping in a separate nap room.

Corrections Made:

The program provided a written plan for maintaining compliance with the supervision regulation.

Anticipated Completion Date:
April 21, 2025

Date Completed:
