All providers shall be at least eighteen years of age and demonstrate and maintain the ability to provide care that attends to the child's physical growth and development and to the physical, emotional, cognitive, and social needs of the child, as determined by the department.

**Summary of Non-Compliance Finding:**

During a complaint investigation conducted by the Office of Licensing and Accreditation, it was determined that a two-year-old child was positioned at the back of the line and crossed the street alone while the other children and providers walked ahead.

The program will ensure that providers are positioned at both the front and back of the line during field trips to account for all children and ensure their safety. Additionally, the program will submit a written plan outlining how children will be supervised and accounted for during field trips, including when crossing the street.

The program submitted a written plan to the Office of Licensing and Accreditation outlining how they will ensure all children are properly supervised and accounted for when crossing the street.
