The items listed below are those that the provider was not in compliance with at the time of the inspection.

Compliance Plan Action #1

Administrative Rule:

67:42:17:27

Before any medication is administered to a child, permission of the parent or guardian must be documented and must include the name of the child, the name of the medication, and the dates, times, and dosage of the medication.

The medication must be provided by the parent and kept in the original container, with the original label. The label for a prescription medication must contain the child's name, the amount and frequency of dosage, the expiration date, the physician or other licensed practitioner's name, and instructions for storage. The medication must be returned to the parent when no longer needed or expired.

The provider shall document, in the child's record, any medication administered to a child and shall include the dose, the name of the child, the time and date administered, and the name of the person administering the medication. The documentation must be retained for at least six months and be made available to the child's parent upon request.

Summary of Non-Compliance Finding:

During the program inspection, not all medication administration forms had dates documented for the medication to be administered.

Corrections to be Made:

The provider will ensure all required criteria for children's medication administration forms are documented on the forms.

Corrections Made:

The revised medication administration form was provided to the Office of Licensing & Accreditation.

Anticipated Completion Date:

Compliance Plan Action #2

Administrative Rule:

67:42:17:25

All equipment, utensils, kitchenware, dining tables, and food contact surfaces of equipment must be washed, rinsed, and sanitized after each meal. Toys capable of being placed in a child's mouth must be cleaned and sanitized daily, using a solution approved by the department.

All providers, program employees, and children shall wash their hands with soap, before preparing food or beverages, eating, handling food, or feeding a child, and after changing a diaper, using the toilet, helping a child use a toilet, or coming into contact with bodily fluid.

Summary of Non-Compliance Finding:

In the infant two classroom, a provider failed to wash their hands with soap.

Corrections to be Made:

Providers must wash their hands with soap and water after each diaper change.

Corrections Made:

The program has supplied an alternative hand soap for providers who may experience a reaction to the previously used product.

Anticipated Completion Date:

August 20, 2025

Date Completed:
