Compliance Plan Action #1

Administrative Rule:

67:42:17:16

The files and records of a provider are confidential. A child's records, photographs, and information about a child or the child's family may not be shared or publicly posted, unless the parent signs a consent form. Nothing in this section prevents licensing specialists, child protective services, or law enforcement from accessing the files and records of a provider or family information.

Summary of Non-Compliance Finding:

A staff member at the center shared information with an external individual, allowing that person to deduce the child's identity, which resulted in a breach of confidentiality.

Corrections to be Made:

The program will review the confidentiality policy and ensure that all providers sign and acknowledge their understanding of it. This will be submitted to the Office of Licensing and Accreditation.

Corrections Made:

The program provided evidence to the Office of Licensing, confirming that they had reviewed the confidentiality policy and regulation, and provided a signed confidentiality agreement.

Anticipated Completion Date:
September 12, 2025

Date Completed:
September 10, 2025
