The items listed below are those that the provider was not in compliance with at the time of the inspection.

Compliance Plan Action #1

Administrative Rule:

67:42:17:27

Before any medication is administered to a child, permission of the parent or guardian must be documented and must include the name of the child, the name of the medication, and the dates, times, and dosage of the medication.

The medication must be provided by the parent and kept in the original container, with the original label. The label for a prescription medication must contain the child's name, the amount and frequency of dosage, the expiration date, the physician or other licensed practitioner's name, and instructions for storage. The medication must be returned to the parent when no longer needed or expired.

The provider shall document, in the child's record, any medication administered to a child and shall include the dose, the name of the child, the time and date administered, and the name of the person administering the medication. The documentation must be retained for at least six months and be made available to the child's parent upon request.

Summary of Non-Compliance Finding:

At the time of inspection, several children's medications did not have a medication authorization form available.

During inspection, several children's medications had expired and had not been returned to the parents.

At the time of inspection, a child's medication authorization form did not outline an expiration date.

Corrections to be Made:

The provider will ensure that all children's medications have a current medication authorization form accompanying them.

The provider will ensure all expired medications are returned to the parents.

The provider will ensure that the child's medication authorization form outlines an expiration date.

Corrections Made:

The provider submitted verification that the expired medications were returned to the parents and are no longer needed; therefore, medication authorization forms are not required.

The provider submitted documentation showing that the medication authorization form reflects the correct expiration dates.
