Compliance Plan Action #1

Administrative Rule:

67:42:17:37

Center and school-age programs operating outside of a school building shall follow applicable construction and fire safety requirements, as outlined in chapters 61:15:05 and 61:15:06. School-age programs operating in a school building shall follow applicable construction and fire safety requirements, as outlined in chapters 61:15:01, 61:15:02, and 61:15:07.

A family day care home must have the following fire safety measures in place:

- (1) A working smoke detector must be located on each level of the home;
- (2) A fully charged, portable fire extinguisher, with a minimum 2A rating, as identified on the extinguisher label, must be kept in or within fifteen feet of the kitchen or food preparation area;
- (3) A carbon monoxide detector must be installed, according to the manufacturer's instructions, if a fuel burning appliance is present in the home;
- (4) Each level of the home must have at least two remote exits that shall remain clear of obstructions. One of these exits must be a standard-sized door, and the other may be either a standard-sized door or an unobstructed, operable window, having at least five square feet of openable space, with a minimum width of twenty inches and a minimum height of twenty-four inches; and
- (5) Whenever a portable space heater, a wood burning stove, or a fireplace is in use, the heater, stove, or fireplace must be inaccessible to children.

Summary of Non-Compliance Finding:

The program was using several connecting electrical cords to plug in a computer.

Corrections to be Made:

Multiple electrical cords can not be connected together. The program will submit verification of correction.

Corrections Made:

The program submitted a statement indicating the computer had been moved to a different location and multiple electrical cords were no longer being used.

Compliance Plan Action #2

Administrative Rule:

67:42:17:32

All walls, ceilings, floors, and equipment must be easily cleanable, kept clean, and in good repair. Heating and cooling systems must maintain a temperature between sixty-five degrees Fahrenheit and seventy-five degrees Fahrenheit. For a child care center and school-age program, all heating and cooling systems must be inspected annually, by a certified technician.

Food preparation areas, including tables and countertops, must be made of a smooth, nonporous material, kept clean and sanitized, be free of cracks, and be in good repair. Center and school-age programs, in which more than twenty children are cared for, must provide a ventilation hood over all cooking areas. The hood must be appropriate for the type of appliance and intended use, as required in § 61:15:01:01.

Summary of Non-Compliance Finding:

The program did not have a copy of the annual heating and cooling inspections.

Corrections to be Made:

The program must provide verification of the current heating and cooling system inspections.

Corrections Made:

The program emailed the Department of Public Safety inspector a copy of the inspection.

Anticipated Completion Date:
October 21, 2025

Date Completed:
October 09, 2025

Compliance Plan Action #3

Administrative Rule:

67:42:17:35

Playgrounds for all child care settings must be safe, in good repair, and free of debris, trash, and weeds. Playground equipment must be installed according to the manufacturer's instructions and maintained in good repair.

For a center program, a fence that measures at least four feet high is required around the center's outdoor play space.

For a family day care or school-age program, a fence that measures at least forty-two inches high may be required to separate the outdoor play space, if the department determines a body of water, vehicular traffic, or other hazard poses a risk of injury or death to a child.

Summary of Non-Compliance Finding:

At the time of the inspection, a playground structure was being installed and not safe for children.

Corrections to be Made:

The playground equipment must be installed according to manufacturer's instruction and verification submitted to the Office of Licensing and Accreditation.

Corrections Made:

The school completed the installation of the playground structure, and the program submitted a statement that it had been corrected.

Anticipated Completion Date:
October 21, 2025

Date Completed:
October 20, 2025

Compliance Plan Action #4

Administrative Rule:

67:42:17:25

All equipment, utensils, kitchenware, dining tables, and food contact surfaces of equipment must be washed, rinsed, and sanitized after each meal. Toys capable of being placed in a child's mouth must be cleaned and sanitized daily, using a solution approved by the department.

All providers, program employees, and children shall wash their hands with soap, before preparing food or beverages, eating, handling food, or feeding a child, and after changing a diaper, using the toilet, helping a child use a toilet, or coming into contact with bodily fluid.

Summary of Non-Compliance Finding:

The program was not properly sanitizing tables. Tables must be properly sanitized using a solution approved by the department.

Staff and children were not washing hands.

Corrections to be Made:

Tables must be properly sanitized using a solution approved by the department. The program must submit a statement of understanding to the Office of Licensing and Accreditation.

The staff and children must wash hands with soap and water before preparing food or beverages, eating, handling food, or feeding a child, and after changing a diaper, using the toilet, helping a child use a toilet, or coming into contact with bodily fluid.

The program must submit a statement of understanding to the Office of Licensing and Accreditation.

Corrections Made:

The program sent in a statement to the Office of Licensing and Accreditation that they will use an approved sanitizer for tables.

The program sent in a statement stating the hand washing policy had changed, and children will wash their hands with soap and water.
