

Date Issued	October 06, 2025	Status	Closed
Provider Name	BRIGHT START CHILDCARE II		
Provider ID	014512633		
Provider Address	711 Third St b, Scotland, SD 57059, USA		
Provider Contact	Kristin Grosz		

The items listed below are those that the provider was not in compliance with at the time of the inspection.

### Compliance Plan Action #1

**Administrative Rule:**

67:42:17:44

All toxic or hazardous substances must be:

- (1) Inaccessible to children;
- (2) Used according to manufacturer's instructions;
- (3) Stored in the original or other labeled container; and
- (4) Disposed of according to manufacturer recommendations.

Bio-contaminants must be handled and disposed of properly.

Soiled diapers must be changed promptly, in a designated area, on a non-porous surface. The diaper changing area must be clean and disinfected with a sanitizing solution approved by the department. Soiled diapers must be kept in a leakproof, nonabsorbent container that is covered with a tight-fitting lid.

**Summary of Non-Compliance Finding:**

The bleach water solution was measured at 0 ppm during the inspection.

**Corrections to be Made:**

Bleach water solutions used to sanitize the diaper changing area must be mixed to assure a bleach rate of 1600 ppm; a bleach chart was provided by DSS to assist with mixing the solution. A new solution should be mixed daily so that it is maintained at the correct rate.

**Corrections Made:**

Verification was received that the program is using the DSS bleach chart to assure the solution is mixed at the correct rate and is mixing a new solution daily.

**Anticipated Completion Date:**  
October 06, 2025

**Date Completed:**  
October 23, 2025

### Compliance Plan Action #2

**Administrative Rule:**

67:42:17:32

All walls, ceilings, floors, and equipment must be easily cleanable, kept clean, and in good repair. Heating and cooling systems must maintain a temperature between sixty-five degrees Fahrenheit and seventy-five degrees Fahrenheit. For a child care center and school-age program, all heating and cooling systems must be inspected annually, by a certified technician.

Food preparation areas, including tables and countertops, must be made of a smooth, nonporous material, kept clean and sanitized, be free of cracks, and be in good repair. Center and school-age programs, in which more than twenty children are cared for, must provide a ventilation hood over all cooking areas. The hood must be appropriate for the type of appliance and intended use, as required in § 61:15:01:01.

**Summary of Non-Compliance Finding:**

Documentation of a heating and cooling system inspection completed within the past year was not available.

**Corrections to be Made:**

The heating and cooling systems must be inspected annually by a certified technician. Verification of completed inspections must be submitted.

**Corrections Made:**

Verification of a completed inspection for the systems was received.

**Anticipated Completion Date:**  
November 02, 2025

**Date Completed:**  
October 16, 2025

**Your signature below certifies you have read and understand the non-compliance findings and agree to make corrections to be compliant with the identified administrative rules.**
