Provider Name	AMAZING GRACE DAYCARE		
Provider ID	011102518		
Provider Address	606 N Commercial St, Clark, SD 57225, USA		
Provider Contact	Jennifer Duenwald		

The items listed below are those that the provider was not in compliance with at the time of the inspection.

Compliance Plan Action #1

Administrative Rule:

67:42:17:37

Center and school-age programs operating outside of a school building shall follow applicable construction and fire safety requirements, as outlined in chapters 61:15:05 and 61:15:06. School-age programs operating in a school building shall follow applicable construction and fire safety requirements, as outlined in chapters 61:15:01, 61:15:02, and 61:15:07.

A family day care home must have the following fire safety measures in place:

- (1) A working smoke detector must be located on each level of the home;
- (2) A fully charged, portable fire extinguisher, with a minimum 2A rating, as identified on the extinguisher label, must be kept in or within fifteen feet of the kitchen or food preparation area;
- (3) A carbon monoxide detector must be installed, according to the manufacturer's instructions, if a fuel burning appliance is present in the home;
- (4) Each level of the home must have at least two remote exits that shall remain clear of obstructions. One of these exits must be a standard-sized door, and the other may be either a standard-sized door or an unobstructed, operable window, having at least five square feet of openable space, with a minimum width of twenty inches and a minimum height of twenty-four inches; and
- (5) Whenever a portable space heater, a wood burning stove, or a fireplace is in use, the heater, stove, or fireplace must be inaccessible to children.

Summary of Non-Compliance Finding:

A smoke detector in the girls bathroom was loose.
The exterior door from the infant room is sticking.
Infant room refrigerator is plugged into a power strip.

Corrections to be Made:

Secure the loose smoke detector in the girls bathroom.
The exterior door in the infant room needs to be repaired.
The refrigerator in the infant room should be plugged directly into an electrical wall outlet.

Corrections Made:

The loose smoke detector in the girls bathroom was repaired.

The exterior door in the infant room was repaired.

The refrigerator in the infant room has been plugged in directly to an electrical wall outlet.

Anticipated Completion Date:

November 05, 2025

Date Completed:

November 10, 2025

Your signature below certifies you have read and understand the non-compliance findings and agree to make corrections to be compliant with the identified administrative rules.
