The items listed below are those that the provider was not in compliance with at the time of the inspection.

Compliance Plan Action #1

Administrative Rule:

67:42:17:25

All equipment, utensils, kitchenware, dining tables, and food contact surfaces of equipment must be washed, rinsed, and sanitized after each meal. Toys capable of being placed in a child's mouth must be cleaned and sanitized daily, using a solution approved by the department.

All providers, program employees, and children shall wash their hands with soap, before preparing food or beverages, eating, handling food, or feeding a child, and after changing a diaper, using the toilet, helping a child use a toilet, or coming into contact with bodily fluid.

Summary of Non-Compliance Finding:

At the time of the inspection, mouthable toys are not being sanitized by an approved solution.

Corrections to be Made:

Appropriate sanitizing solution to be used for the mouthable toys.

Corrections Made:

The provider was reminded of the appropriate solution for sanitizing mouthable toys. They have agreed to begin using the approved solution beginning immediately and moving forward.

Compliance Plan Action #2

Administrative Rule:

67:42:17:24

Before a child may be admitted to a registered or licensed day care provider, the provider must require the child's parent or guardian to submit a statement, signed by a licensed physician, physician's assistant, certified nurse practitioner, or community health nurse, or an immunization record from the South Dakota Immunization Information System, showing that the child meets the minimum immunization requirements according to 45 C.F.R. § 98.41(a)(1)(i)(A), in effect on September 30, 2016.

The provider shall ensure that immunizations of all children are current.

For children who begin the series late or are more than one month behind in immunizations, the documentation must show progress toward achieving immunization requirements, as determined by a licensed physician, or other licensed practitioner. A grace period may be approved by the department for a child experiencing homelessness or a child in foster care.

A child is exempt from meeting the minimum age-specific immunization levels if:

- (1) The child's parent or guardian has certification from a licensed physician, or other licensed practitioner, stating that the physical condition of the child is such that an immunization would endanger the child's life or health; or
- (2) The child's parent or guardian has signed a written statement that the child is an adherent to a religious doctrine whose teachings are opposed to such immunizations.

If a child becomes ill while at a day care, the provider must separate the child from other children and notify the child's parents. If any child in the program contracts a communicable disease, the provider must notify the Department of Health. The program provider shall follow the Department of Health's recommendations for addressing a situation involving a communicable disease.

To prevent the spread of an infestation or infectious disease, a program shall provide an individual storage unit or container for each child's personal articles.

Summary of Non-Compliance Finding:

At the time of the inspection, one child did not have current immunization records in their file.

Corrections to be Made:

Current immunization records to be obtained and a copy provided to the Office of Licensing and Accreditation.

Corrections Made:

Copy of current immunization record received on 02-27-2026.

Anticipated Completion Date:

February 27, 2026

Date Completed:
