Compliance Plan Action #1

Administrative Rule:

67:42:17:27

Before any medication is administered to a child, permission of the parent or guardian must be documented and must include the name of the child, the name of the medication, and the dates, times, and dosage of the medication.

The medication must be provided by the parent and kept in the original container, with the original label. The label for a prescription medication must contain the child's name, the amount and frequency of dosage, the expiration date, the physician or other licensed practitioner's name, and instructions for storage. The medication must be returned to the parent when no longer needed or expired.

The provider shall document, in the child's record, any medication administered to a child and shall include the dose, the name of the child, the time and date administered, and the name of the person administering the medication. The documentation must be retained for at least six months and be made available to the child's parent upon request.

Summary of Non-Compliance Finding:

The medication administration form did not include the dates the medication is to be administered.
The program contained medication that was either no longer needed or had expired.

Corrections to be Made:

The medication administration form will be updated to include the dates the medication is to be administered, and the program will provide documentation to the Office of Licensing and Accreditation.
The program will return expired or unneeded medication to parents and provide documentation of all medications maintained to the Office of Licensing and Accreditation.

Corrections Made:

The medical administration form was updated to include the From-To dates, and the program provided documentation to the Office of Licensing and Accreditation.
The program returned expired or unneeded medication to parents and provided documentation of all medications maintained to the Office of Licensing and Accreditation.

Compliance Plan Action #2**Administrative Rule:**

67:42:17:29

A provider shall have a written care plan for each child who has a known food allergy. The plan must contain instructions regarding any food allergens, steps to be taken to avoid that food, and a detailed treatment plan to be implemented if the child has an allergic reaction.

Summary of Non-Compliance Finding:

During the program inspection, some EpiPens were found without a written plan accompanying the medication.

Corrections to be Made:

The program will submit documentation of all rescue medications to the Office of Licensing and Accreditation.

Compliance Plan Action #3**Administrative Rule:**

67:42:17:42

A provider shall maintain a record for each child that includes:

- (1) The child's name and date of birth;
- (2) The parent or guardian's name and telephone number;
- (3) An emergency contact name and telephone number;
- (4) Parental permission for emergency medical treatment;
- (5) The names of individuals authorized to pick up the child;
- (6) Health information, including any allergies or special needs;
- (7) A current immunization record or, for a school-age program, the name of the child's school;
- (8) Parental permission for medication;
- (9) The child's attendance records;
- (10) The date of the child's enrollment; and
- (11) The date on which the child's enrollment ends.

The provider shall annually review and update each record required under this section, and make the child's record available to the department, upon request.

Summary of Non-Compliance Finding:

The program did not have updated immunization records for two children in care.

Corrections to be Made:

The program will provide the Office of Licensing and Accreditation with updated immunization records for the two children.

Corrections Made:

The program provided the Office of Licensing and Accreditation with updated immunization records for the two children.
