Compliance Plan Action #1

Administrative Rule:

67:42:17:20

A center provider supervising children must be in the same room with the children or on the playground with the children, and must be able to see or hear the children, at all times.

If children are in a school-age program, the provider must be able to hear or see the children, at all times, and must be close enough to intervene at all times.

Summary of Non-Compliance Finding:

During a recent complaint investigation conducted by the Office of Licensing & Accreditation, it was determined that a two-year-old child was left unsupervised on the playground for a brief period of time after falling asleep on a piece of playground equipment.

Corrections to be Made:

Program will submit a written plan to the Office of Licensing & Accreditation addressing how all children will be supervised and accounted for during transitions.

Corrections Made:

The program submitted a written plan to the Office of Licensing & Accreditation outlining procedures to ensure all children are properly supervised and accounted for during transitions. Staff directly involved in the incident received formal reprimands, and all providers were immediately re-trained on supervision, transition, and accountability procedures.

Program revised and reinforced the following safety procedures:

1. Mandatory Name-to-Face Checks
2. Continuous Child Counts
3. Mandatory Playground Clearance Procedure
4. Playground Clearance Verification
5. Transition Accountability
6. Staffing and Classroom Support Adjustments
