## Compliance Plan Action #3

**Administrative Rule:**

67:42:17:35

Playgrounds for all child care settings must be safe, in good repair, and free of debris, trash, and weeds. Playground equipment must be installed according to the manufacturer's instructions and maintained in good repair.

For a center program, a fence that measures at least four feet high is required around the center's outdoor play space.

For a family day care or school-age program, a fence that measures at least forty-two inches high may be required to separate the outdoor play space, if the department determines a body of water, vehicular traffic, or other hazard poses a risk of injury or death to a child.

**Summary of Non-Compliance Finding:**

The provider has a field directly behind their home with several large bulls and a slough. The provider's playground is located in the lot next to their home which they own as well.

**Corrections to be Made:**

The provider will fence in their playground area. The provider has requested additional time to complete this project and has an anticipated completion date of April 30, 2017. Until the fence is installed, the provider will ensure constant and direct supervision of children during outdoor play.
