Issue/Corrections To Be Made:

Safe sleep practices - Safe sleep practices were not followed with an infant in care. An infant was observed sleeping in a bouncer.

A provider shall follow the safe sleep practices contained in Caring for Our Children: National Health and Safety Performance Standards, 4th Edition, for infants under the age of one. This includes moving an infant to a crib or other firm, flat, non-inclined sleep surface.

Correction: The infant was immediately moved to an approved sleep environment. A CAP is currently implemented with the program and the Office of Licensing & Accreditation will continue to monitor to ensure safe sleep practices are being followed.
