The items listed below are those that the provider was not in compliance with at the time of the inspection.

Miscellaneous Rule Violations

67:42:17:29 - Allergic reactions

Issue/Corrections To Be Made:

Allergic reactions - The program reported that a child in care with a known food allergy had access to a food that caused an allergic reaction.

A provider shall have a written care plan for each child who has a known food allergy. The plan must contain instructions regarding any food allergens, steps to be taken to avoid that food, and a detailed treatment plan to be implemented if the child has an allergic reaction.

Correction: A Corrective Action Plan has been implemented with the program and the Office of Licensing & Accreditation will continue to monitor for compliance.
