The provider was found to not be in compliance with the following items.

67:42:17:23 - Supervision, ratios, and group size - Family day care

Summary of Compliance Issue:

Supervision, ratios, and group size - Family day care - The provider was found caring for five children under two years of age for four days.

If only one provider is present, no more than four of the children may be under the age of two years, and no more than three of those children may be under the age of one.

The provider understands the ratio requirements for children under two-years-old, but the provider misjudged the age a child turning two- years- old. The provider is currently meeting the ratio requirements after one of the children turned two-years-old.
