Miscellaneous Rule Violations

67:42:17:27 - Medication administration

Issue/Corrections To Be Made:

Medication administration - the program reported that a child in care was incorrectly given medication that resulted in an allergic reaction.

Before any medication is administered to a child, permission of the parent or guardian must be documented and must include the name of the child, the name of the medication, and the dates, times, and dosage of the medication.

The program submitted a written plan to the Office of Licensing and Accreditation to ensure that medication administration is carried out accurately.

Did this non-compliance issue result in serious child injury or death? Yes
